COST

Sales are usually looked upon with a degree of allowance by the general public. But we think the people of Dodge City and vicinity feel that we do as we advertise.

Our Cost

Mark is hung up in plain sight and you can tell the cost of our goods as well as we can.

We still have some great bargains left in Dry Goods, Clothing, Notions, etc.

Yours truly,
R. M. Wright & Co.

LOCAL BREVITIES.

—Wm. E. Hood and wife visited at Topeka this week.

—A nice thunder shower visited this section Friday afternoon.

—Mrs. L. E. McGarry is visiting with relatives at Hampton, Iowa.

—E. R. Garland, of Iogalls, was doing business in the city Friday.

—One of our ice merchants shipped a car load of ice to Coolidge this week.

—G. M. Turley, editor of the Belle Plain News, is attending the convention.

—W. T. Watson returned yesterday from a visit to friends at Pittsburg, Kansas.

—Otto Ziese, the tailor, has been looking after his interests in the country this week.

—E. F. Sheldon, of Ness City, is in town taking in the convention and visiting with his parents.

Hon. Ralph Easley, editor-in-chief of the Hutchinson News is here, the guest of J. W. Gilbert.

—After our effort last week in behalf of the Times, that paper comes out and spells erysipelas "Erycypalpus."

Capt. P. R. Miner, of Johnson City, came in from Topeka yesterday noon, and will probably stay to see the end of the fun.

—Probate Judge Moffitt has moved his office back to the court house, where those having business with him will find him in the future.

—G. M. Hoover's buggy horse became frightened Friday afternoon and took a lively spin down Chestnut street. Only slight damage was done to the buggy.

—C. W. Willett came down from Pueblo, Thursday last, as a witness in the Hardesty-Cox-Lybrand referee case which was tried by Judge Brown, of Larned.

—Mr. and Mrs. A. H. Merwin moved to Dodge City this week where they will live with their son E. H., who has a position in the postoffice at that place.—Larned Eagle-Optic.

—W. N. Locke, of the commission firm of R. W. Evans & Co., has opened an office in the rear of the First National Bank, where he will be located until he has settled the firm's accounts.

There is one medicine that will cure immediately. We refer to DEWITT'S Cholera and Cholera Cure for all summer complaints. No delay, no disappointment, no failure. Sold by the Palace Drug Co. 24y

—Now that all of the smaller cities of the east have had a recount, we would ask Superintendent Porter to give Dodge City a new count. Our population today would make Dodge about the sixth city in the state.

—The Postal Telegraph Company have moved their office to the basement under the Front street end of the Palace drug store building. They have just finished setting up a large, powerful, 900-cell battery for the operation of the line.

—There are too many boys on our streets who indulge in the game of shooting craps. Most any evening you can see them under the electric light on some side street trying their luck at this game. Another opportunity for the moral reformers.

—If any of our farmers or stock raisers have cleared ground it would pay them to seed it to corn. We do not believe that they can raise a crop of corn, but we do believe they will raise plenty of rich fodder to doubly repay them for their labor.

—Notwithstanding the continued dry weather throughout June and the first half of July, we occasionally come across a man who expects a fair crop of corn. At the best the corn crop will not be half that of last season, but the wheat crop has been the best for many years, which makes up for all deficiency in the corn failure.

—The Santa Fe has inaugurated a new accommodation for the public which will be especially appreciated by the commercial men. For several months past the company's freight trains have been carrying passengers, but the trains did not carry baggage, which had to be shipped as freight and paid for at the regular freight rates. The company has now made arrangements to transport baggage and sample trunks upon freight trains upon all portions of the system.

—It is quite likely that the distinguished emotional actress Maude Granger will play here during the coming season, as negotiations to that effect are now in progress. Miss Granger has not played west of Pittsburg during the past two years. Her engagements have been confined exclusively to the larger eastern cities. When in Paris about a year ago she purchased from Mrs. Lucy Hooper the emotional play "Inherited," originally produced at the Theatre de l'Application under the title of "L'Heritage de Helene." Miss Granger successfully produced the play in the eastern cities this spring and in the fall will present it in San Francisco and later for an extended run in New York.

—J. W. Gilbert returned Monday from an eastern trip.

—Henry Mullendore is in the city this week on a visit to his parents.

—Hon. Jake Stotler, of the Wellington Press, was a caller at the GLOBE office yesterday.

—Judge S. W. Vandivert, of Kinsley, is among the prominent politicians in town to-day.

—Washburn college, Topeka, Kansas, gives most thorough instruction in modern languages.

—W. W. Munsell and family returned home Saturday from an extended pleasure trip in the East.

MARRIED.—In this city on Thursday evening, July 24th, by Rev. W. H. Rose, Mr. Gus. A. Guthrie and Miss Luella A. Rankin.

—Henry Leidigh, aged eighty years, father of J. M. Leidigh, of Spearville, died at his home in Newville, Pa., on the 20th inst.

—The moon celebrated the 4th of July by getting full, and has taken a notion to celebrate the congressional convention by getting full again to-morrow.

—Sergeant Todd, of the U. S. Signal office, has gone and done it. What, haven't you noticed it? Well, just watch for him and take a good look at his countenance.

—Work in the Workman degree next Monday evening at the A. O. U. W. lodge. Let every Workman be present and assist the new crew to man the boats that the voyage may be a successful one.

—A very pleasant little lawn party was given at the residence of Mr. J. E. McAdams, on Bridge street, last Friday evening. Ice cream and cake were served and a jolly good time enjoyed.

—Dr. A. H. Hard is able to be out again after a two month's illness. He expects to leave early in August for the Black Hills country, where he will take charge of Geo. B. Cox's railroad business.

—We are indebted to the experiment station of the Kansas State Agricultural College for the second annual report of that institution. The report contains nearly four hundred pages and is replete with valuable information.

—"Engine 387, the one in the wreck at Dodge, was taken to Topeka, and just as they were coupling on to her to take her into the house, as she was backing up, a brakeman standing in the gangway was caught and crushed to death. 387 will be regarded by railroad men as dangerous."—Coolidge Citizen.

—The Arkansas river is full of water again, likewise the irrigating ditches. The water reached this point at 4 o'clock p. m. Sunday, and was witnessed by a large number of our citizens. For the past three or four weeks the river bed has been dry, and it was a novel sight to see the flood of water rolling down the dry channel. The rise was occasioned by heavy rains in Colorado.

—C. S. Templeton and A. C. Jastatt have returned from Topeka, where they have been settling grievances with the A. T. & S. F. railroad company. The boys are well satisfied with the work as they gained about a 15 per cent. increase on salary all over the system. This is the first time the trainmen's grievance committee derived any benefit by going before the company, and they naturally feel elated at their success.

—Those who went down to the Santa Fe depot at 4:30 o'clock Monday afternoon saw a novel sight. The show was a free one, no admission tickets were necessary. A beautifully decorated train of fifteen cars, loaded to the roof with Quaker Oats, enroute from Cedar Rapids, Iowa, to San Francisco, was at the depot at that time and stopped for ten or fifteen minutes. Those who were there received sample packages of Quaker Rolled Oats and souvenir fans.

—A large number of Presbyterian ladies and gentlemen drove out to the College dormitory Saturday evening, and gave Rev. Powelson and wife a happy surprise in the way of substantial donations. The occasion was the twentieth anniversary of Mr. and Mrs. Powelson's wedding. The party having provided a nice lunch, made a spread in the dining room which was partaken of with hearty enjoyment. The evening was passed very pleasantly. The regrets were that the time was so short that quite a number of friends could not be notified who would gladly have joined the party.

—Every established local newspaper receives subscriptions from large cities which puzzle the publisher to account for, but the New York Times lately threw some light upon this matter: "A wholesale grocer in this city, who has become rich at the business, says that his rule is that when he sells a bill of goods on credit to immediately subscribe for the local paper of his debtor. So long as his customer advertised liberally he rested, but as soon as he began to contract his advertising space he took the fact as evidence that there was trouble ahead and invariably went for the debtor." Said he, "The man who is too poor to make his business known is too poor to do business. The withdrawal of an advertisement is evidence of a weakness that business men are not slow to act upon. There's nothing like it."

—During the past week quite a number of runaways have occurred, but all have been without serious accident, which seems almost miraculous, except the general wrecking of vehicles. The only one in which any persons were injured happened about six o'clock Saturday evening, in which Messrs. Jas. A. Arment and R. S. Robinson were thrown from W. F. Dean's delivery wagon. Mr. Arment was quite severely, though not seriously injured by falling on his hip, which confined him to his room two or three days; while Mr. Robinson was thrown on his head, but sustained no injury, other than some slight scratches.

—The following bit of butchered up English language, grammar and spelling is taken from the Democrat, of this city. In fact the whole paper, advertising and all, is made up of this what-is-it-sort-of-matter. We feel heartily ashamed to have such a sheet sent out from Dodge City. Read it:

"We are in receipt from W. R. Morgan of Abbott Kentucky, several editions of the Courier Journal Louisville Post and Times, the leading democrat paper of Kentucky. In a letter from Mr. Morgan who is one of the subscribers of the Dodge City Democrat. He says we are all for Hill of New York for President and Gray of Indiana for Vice President in 1892. We can say to Mr. Morgan that the stalworth democracy of the country are all for Hill & Gray in 1892, the democrats are tired of mugwump politics and in the future want straight out democrats at the head of the ticket which is Hill & Gray."

Hill & Co. will no doubt feel highly flattered at the above notice.
